

# Minutes of the First Client Meeting

Group 22-N

Friday 8th Mar 2024

Minutes are written by: Yuyue Chang

Chair: Li-ting

Members: Nilangi

Vishal

Siyu Ni

Apologies: None.

## 1 Time and Place

The third client meeting for the Software Engineering Group Project was held in ZOOM at 10.30am on Friday 20th May 2024.

## 2 Quorum Announcement

Li-ting presented what we have done for the pitch presentation and explained the slides we made.

Members ask questions about the following works.

## 3 Summary of Previous Meeting

Li-ting briefly recapped the previous meeting which was largely focused on the preparation of the pitch presentation.

## 4 Q&A

- Should we have any responsive design?  
Not necessary for the website. Should have one for the mobile app but not enough time.
- Admin?  
Registration, booking, etc.
- Should the content in the blog page be restricted?  
Yes. Only expert-led content.
- Combine blog and discussion page.
- Curated challenges?  
Small games and mental tests.
- Feedback needed.
- Raise funds and do it for charity?  
Yes we can do that. For example, make the first counseling free and recruit volunteers.
- Discussion forum: only authorized?  
Should have some restrictions there. We can set up a topic every week and let users talk and share their experiences and thoughts. But it also comes with some privacy worries.

- Restriction on computer systems?  
Should be able to perform on any platform.
