

Minutes of the Client Meeting

Group 22-N

Friday 26 Apr 2024

Minutes are written by: Li-Ting Liao

Host: Siyu Ni

Members: Li-Ting Liao

Nilangi Edirisinghe

Vishal Dixit

Yuyue Chang (Garnet)

Client: Diana Shah

1 Time and Place

The client meeting for the Software Engineering Group Project was held on Zoom at 10.00 am on Friday 26 Apr 2024.

2 Summary of the Meeting

Nilangi presented our recent progress. Members asked questions about whether our current progress on the frontend and the backend had met the client's expectations. Overall, Diana had positive feedback for the progress and suggested we finish the remaining frontend pages, Challenges, and Booking pages, from Milestone 1 first before working on other new pages from Milestone 2. For the finished frontend pages, we can go ahead to start integrating with the backend.

3 Frontend Progress

Updated the cards and updated the navigation links.

Added Login and Sign up pages, with toggle buttons.

- When the user is logged in, the profile picture will be shown in the navigation bar.

Added an information page with a navigation bar on the left.

Added the blog page with navigation

- write an article page
- read a single blog post
- Add reviews

On the blog page:

- The search and category tags are implemented on the frontend.

Currently, all the finished pages contain only static data.

4 Feedback from the Client

Integration:

- log in/sign up
- Blog

Feedback from Diana for the frontend:

- Happy with colors
- Good layouts for easy reading
- Should we add an expert profile page?
 - Frontend suggested adding an expert profile e.g. on the blog page.
 - Frontend suggested adding public expert profiles to show credibility.

Feedback from Diana for the backend:

- Happy with the progress and the documentation recorded on GitHub.
- Happy to see the database had seeded the data properly.

Diana suggested finishing the remaining works from Milestone 1 first e.g. the Challenges and Booking pages and start integrating data from the backend to the finished frontend pages.

- Frontend acknowledged there would be much integration work for the blog page and user log-in/sign-up pages.

5 Next meeting

The next meeting should be held on Zoom at 10.00 am on Friday 3 May 2024.
